Dear Parent/Carer

Youth Counselling Service

I am pleased to inform you that The Hounslow Youth Counselling Service is providing a confidential counselling service for students in the academy. Students wishing to meet with a counsellor can make an appointment with Ms M Bantick who is based in the Medical Room. Each of the counsellors involved in the service has been carefully selected and well trained. On the reverse of this letter there is a brief outline of the counselling service.

In accordance with the British Association for Counselling and Psychotherapy's "Ethical Framework for Good Practice", the Hounslow service operates a strict policy of confidentiality. Hence neither parents nor teachers will have access to any information passed from a student to a counsellor during a session.

It is hoped that any student who feels the need to see a counsellor will be at liberty to do so.

If you need further information please contact myself on 020 8831 3026 or The Hounslow Youth Counselling Service on 020 8568 1818.

Yours faithfully

Hazel Hughes
